

Position:	Management Accountant – Worcester Racecourse
Contract type:	Permanent
Hours of work:	40 hours per week, based on 5 days out of 7
Responsible to:	General Manager & Financial Controller
Location:	Based at Worcester Racecourse

About the role:

The role of the Management Accountant is to work alongside the General Manager and senior management of ARC, as well as the senior team at the racecourse to ensure the continued growth and secure financial health of the business.

Key responsibilities for the role will include

- Form a close working relationship with the General Manager.
- Develop and control the course's annual operating budget to ensure all of the agreed financial targets are met and all statutory regulations are complied with.
- Provide strategic and financial guidelines to ensure the courses financial commitments are met.
- Working with the GM and commercial team to contribute to the development of the course's strategy, challenging assumptions and providing analytical feedback to allow a sound decision making basis supported by comprehensive guidance on plans, targets and business drivers.
- Work with the GM and commercial team on setting price strategy and maintain close involvement with ongoing key commercial negotiations.
- Create and maintain a strong culture of cost control within the courses.
- Act as a conduit between racing, operations and finance to ensure maximum benefit is achieved through race planning and the financial investment into the racing product, both commercially and on an industry level.
- Oversee the financial management and reporting of race day functions, including pre raceday forecast and post raceday results, providing detailed explanations for variances to plan. Maintain visibility throughout the race day at key entry points ensuring customers are processed through turnstiles and advanced entry points quickly and with valid tickets.
- Manage and report on the courses balance sheets ensuring the correct treatment is applied to capital requirements, debt, equity, additions and disposals.

- Monitor and review all external contracts to ensure services provided by suppliers provide the best value to the company and are operated effectively.
- Oversee the preparation of the courses management accounts ensuring these are presented accurately and on time with full supporting data.
- Work with any appointed internal / external audit representative to assist in developing a sound internal audit procedure to comply with all financial procedures and regulations.
- Carry out all necessary actions to ensure that the course meets its financial and legal obligations including the requirements of all statutory bodies,
- Oversee the preparation of the weekly / monthly financial reporting process and prepare accurate and timely board reports on areas such as capital development and management accounting.
- Establish a high level of credibility to manage strong working relationships with peers, subordinates, external parties and stakeholders.
